

Mounting plates for the construction of the connection terminal with our previously mentioned pole terminals.
The dimensions correspond to the commonly used Standard Terminal in order to enable an easy exchange.

The delivery package contents are:
Butyl tape (see p. 59).

tpac105 - for the input of 6 mm pole terminals

tpac105
Acrylic terminal plate, singlewiring, pole terminals 6 mm

Ø * T [mm]	[€]
105 * 8	22.90

tpac130 - for the input of 8 mm pole terminals

tpac130
Acrylic terminal plate, singlewiring, pole terminals 8 mm

Ø * T [mm]	[€]
130 * 8	27.90

tpac122 - for the input of 6 mm pole terminals

The delivery package contents are:
Butyl tape (see p. 59).

tpac150 - for the input of 8 mm pole terminals

tpac122
Acrylic terminal plate, biwiring, pole terminals 6 mm

H * W * T[mm]	[€]
122 * 96 * 8	22.90

tpac150
Acrylic terminal plate, biwiring, pole terminals 8 mm

H * W * T[mm]	[€]
150 * 124 * 8	27.90

Hexagon socket head screws M4x30mm, with flat heads and wooden thread made from black galvanized or gold-coated steel, fit into our mounting plates.

Durably resilient **sealing compounds** made of butyl rubber (isobutane-isoprene rubber) are excellent for effectively preventing tonal influences from unwanted vibrations thanks to their unique damping properties against vibrational energy and shock energy, their high air content as well as their elasticity even at very low temperatures.

This strong adhesive, double-sided sealing tape is universally replaceable and suitable for all well-known surfaces (metal, wood, concrete, acrylic glass, painted surfaces etc.).

With its high UV, ozone, and water resistance it is age-resistant and durably resilient.

Butyl tape is included in the package contents of the acrylic mounting plates. (see also p. 57 and 58)
