

The mixture of **silver plus 1% gold*** has proven itself excellently as capacitor film for the MCap® SUPREME silver/gold series. The resulting sound is so impressive that it was only natural to think of using this alloy for the internal wiring of electronic devices. Listening tests with individually isolated conductors quickly proved that silver/gold shows its superior strengths every bit as convincingly in this application as well.

Purity and elegance are the terms that automatically lend themselves to this exquisite material.

We offer the silver/gold wire in various diameters and insulated in PTFE.

For preparation we recommend MSolder® (see p. 46)

*Purity of silver: min. 99.97% typ. 99.99%
Purity of gold: min. 99.97% typ. 99.99%

sgw305w Silver/gold-wire 3 * 0.5 mm, PTFE-isoliert, white *	[€]
price/meter	25.90

sgw305y Silver/gold-wire 3 * 0.5 mm, PTFE-isoliert, yellow *	[€]
price/meter	25.90

sgw215w (formerly scsg115) Silver/gold-wire 2 * 1.5 mm, PTFE-isoliert, white *	[€]
price/meter	119.90

sgw415w (formerly scsg215) Silver/gold-wire 4 * 1.5 mm, PTFE-isoliert, white *	[€]
price/meter	239.90

sgw815w (formerly scsg415) Silver/gold-wire 8 * 1.5 mm, PTFE-isoliert, white *	[€]
price/meter	489,90

Note: sgw formerly iwsg

sgw105 Silver/gold-wire 0.5 mm, bare	[€]
Price / meter	5.90

swg105w Silver/gold-wire 0.5 mm, PTFE-insulated, white *	[€]
Price/meter	8.90

swg105y Silver/gold-wire 0.5 mm, PTFE-insulated, yellow *	[€]
Price/meter	8.90

sgw110 Silver/gold-wire 1.0 mm, bare	[€]
Price / meter	22.90

sgw110w Silver/gold-wire 1.0 mm, PTFE-insulated, white *	[€]
Price/meter	25.90

sgw110y Silver/gold-wire 1.0 mm, PTFE-insulated, yellow *	[€]
Price/meter	25.90

sgw115 Silver/gold-wire 1.5 mm, bare	[€]
Price / meter	46.90

sgw115w Silver/gold-wire 1.5 mm, PTFE-insulated, white *	[€]
Price/meter	49.90

sgw115y Silver/gold-wire 1.5 mm, PTFE-insulated, yellow *	[€]
Price/meter	49.90

* Insulation test voltage 2 500V DC,
Max. operating voltage 250V AC
Strength of PTFE insulation: min. 0.25 mm
